

Eisteddfod 2025 Home Tasks

These tasks combine Welsh history, culture, creativity, and fun, and they offer a way for us to celebrate our Welsh heritage while being imaginative. Complete as many tasks as you like. Every entry will earn a house point.

1. Video - Highlights of Wales

Use your digital skills to create a video highlighting what Wales has to offer.

2. Model making

- **Infants: (Nursery - Year 2)** Using craft materials (paper, scissors, glue, paint, etc.), create a Welsh dragon mask. Once done, explain what the Welsh dragon represents and its significance in Welsh history.
- **Juniors (Year 3 - 6)** Create a model of a Welsh landmark.

3. Traditional Welsh Baking

- With the help of a parent or guardian, try baking a simple Welsh dish like Welsh cakes or bara brith. Bring into school for your bake to be judged. Why not also write a step-by-step recipe for others to try at home?

4. Welsh Flag Scavenger Hunt

- Have a fun scavenger hunt around your home or garden, looking for things that are red, green, and white (the colours of the Welsh flag). Once you've found them, create a collage and take a photograph of your creation. Bring your photograph into school.

All entries to be brought into school on Tuesday 4th March to be judged.
